

Enable Corporate Warrior BOD Update

Date: 10/8/24

Prepared by: Kiliaen Anderson, Community Outreach Coordinator

Overview

The Corporate Warrior program continues to strengthen our partnerships with local businesses, supporting Enable Madison County's mission through financial contributions and volunteer efforts. This update highlights recent achievements and next steps.

Recent Achievements

1. Confirmed Corporate Partnerships

We are pleased to confirm the following corporate partners:

- Cintel
- Crossflow Technologies,
- First Horizon
- Intuitive Research and Technology Corp.
- Moseley Technical Services
- Torch Technologies
- Victorian Finance

2. Pending Corporate Partnership

We are awaiting confirmation from these corporate partners regarding their participation.

- CFD Research

Current Status

Pledge commitments for ramp building are being finalized, with invoices distributed. We are working with businesses to accommodate fiscal year planning, allowing delayed payments while noting that points will be withdrawn if unpaid by the event. Additionally, teams have been invited to submit photos for bonus points to encourage engagement.

Next Steps

- We are awaiting confirmation of Task 2 (Ramp Building or Grab Bar/Handrail installs) and Task 3 (TEMP\$) participation selections to proceed with booking teams for volunteer services.
- Great news, teams are already starting to share their Task 4 Plans!
